

To ERIC MONTES City Planner
Planning Dept. BAMPON, OREGON

I'm protesting this proposed single

Family Dwelling Being Built ADJACENT to my
PROPERTY @ 3470 Beach Loop AT THIS TIME. I don't think

The Dry well designed is CAPABLE to
HANDLE the AMOUNT of WATER THAT IS
DUMPED onto it FROM the property's north of
IT AND Beach Loop Drive THAT DRAINS onto
IT AND mine. I CAN'T HANDLE the WATER
I Receive NOW!

Costs: 15.28 } Flood Plain Rev. ?
16.04 }
17.20 } NOW A EXTREME Flood Plain.
17.78 } Unbowed to me!

I HAVE to Appallagise for this sloppy HANDWRITTEN
now-PROFESSIONAL PROTEST to this project. This came AS
A TOTAL ~~SHOCKER~~ SHOCKER to me THAT it would even BE
POSSIBLE to BUILD on. IN THE PAST I HAVE ADDRESSSED
my DRAINAGE problem to the city. NOTHING HAS HAPPENED!
NOONE ever HAD this problem until DRAINAGE HAS BEEN
BLOCKED BY the import of European Beach GRASS PLANTING
Producing A Large Dune! Blocking All Lots of NATURAL
DRAINAGE.

OVER →

My needs now are to postpone any
Decisions on this project until I have time
to Retain legal counsel, and Review these plans.
I just don't see how this is going to help
my situation. Thank you,

Joe Lively
